"Stay with You" by John Legend

We've been together for a while now
We're growing stronger everyday now
It feels so good and there's no doubt
I will stay with you as each
morning brings sunrise
And the flowers bloom in springtime
On my lovin you can rely
And I'll stay with you
Oh I'll stay with you through
the ups and the downs
Oh I'll stay with you when
no one else is around
And when the dark clouds arrive
I will stay by your side
I know we'll be alright
I will stay with you

Though relationships can that get old
Have the tendency to grow cold
We have something like miracle
Yeah, and I'll stay with you

And there will be heartaches
and pains, yes there will
But through it all, we will remain
In this life, we all know
Friends may come, they may go
Through the years I know
I will stay

And in the end I know that we'll find
Love so beautiful and divine
We'll be lovers for the lifetime, yeah
And I'll stay with you
I will stay with you
Everything will be fine
And I will stay with you
Through the end of time
I will stay with you

(M's niece sang this and John Legend would have been blown away by her voice...wow)
